

PINEWOOD

Remembering a Loved One

No words can take away the pain from losing someone dear and our deepest condolences are with you during this difficult time.

Although we can't take away the pain, we would like to be able to make the organising of the wake easier on all involved so you can concentrate on each other.

At the Pinewood we can offer a venue where family and friends can come together to remember your loved one, with a private function room to sit down for a comforting chat with tea & coffee and a light buffet served.

We have a projector that you are more than welcome to use if you wish to have pictures being played in the background as this is another nice way to remember your loved one. If you don't wish to do this, but would like to have some pictures displayed we can always put together a table which you can lay out with whatever you feel is right.

Depending on your numbers for a buffet we can cater from a very intimate 20 up to 200 guests.

On the following pages you will see different finger buffets we offer, however if you are after something specific please just let us know.

If you require help with organising directions to the hotel, flowers or drinks please don't hesitate to ask us.

From all at the Pinewood we are sorry for your loss.
